PROFESSIONAL SUMMARY

Detail-oriented Executive and Personal Support Virtual Assistant with a background in retail operations management. Skilled at organizing information, managing communications, and creating documentation and tracking systems that keep daily operations running smoothly. Brings strong people-management and problem-solving experience to remote administrative and executive support work, with a focus on accuracy, confidentiality, and dependable follow-through.

WORK EXPERIENCE

Assistant Restaurant Manager

Chowking PH — Ormoc City, Philippines February 2019 – Present

- Led daily store operations, ensuring full compliance with company policies, food safety standards, and service procedures.
- Managed staff scheduling, attendance tracking, and punctuality follow-up to keep shifts fully covered.
- Monitored inventory levels and coordinated reordering to prevent shortages and reduce waste.
- Resolved customer concerns calmly and professionally, maintaining service quality under pressure.
- Prepared administrative reports, documentation, and performance summaries for management review.
- Handled cash management, reconciliation, and accurate daily sales reporting.
- Recruited, onboarded, and trained new employees, and mentored team members on operational standards.
- Organized and managed email communications and vendor correspondence to ensure timely responses.

Relevance to Virtual Assistance: *This role required the same core skills used in executive and administrative support — scheduling, documentation, inventory and vendor coordination, calm customer-facing communication, and consistent follow-through without close supervision.*
